By understanding what you want your lifestyle to look like today and tomorrow, we can then model the impact of decision making and provide a plan that brings you closer to your goals.

We deliver our advice using a blend of youth and experience, meaning we have a team that can adapt and grow with you as your circumstances change. We combine the best technology with inspiring people to deliver an experience and outcome neither can match in isolation.

We are one of a select group of financial planning firms to have achieved Corporate Chartered status, which signifies our public commitment to the highest professional standards. We also hold the Gold Standard for Independent Advice and the Pension Transfer Gold Standard from the Personal Finance Society. The Gold Standard is a voluntary code of good practice for pension transfer advice. FINURA

OUR FEE MODEL

The exploration and discovery phases are at our expense. This allows you to get a feel for how we approach our work and to check that the relationship fits.

Our hourly fee of £300 is an average rate, taking account of the team-based approach to our work which comprises Financial Planners, Paraplanners and our Client Account team. Before engaging, we want Clients to be clear and comfortable about the advice cost and deliverables. To support this aim, we follow the below process:

- 01** We provide a personal Work Scope & Fee Proposal showing the work deliverables – this allows complete transparency
- 02** We estimate fees based on our experience of the time needed to deliver the financial plan – this means our fees do not increase with investment size
- 03** We make our fees non-contingent - this means they are not related to you taking out a product, plan or investment

OUR ONGOING SERVICE

As a minimum we offer all Clients a yearly appraisal of their financial plan though, in reality, we spend whatever time is needed.

Our job is to listen and learn about you, your family and your business and, for that, we are always on call. You can book a meeting with your planner or anyone in our team throughout the year.

Where you entrust us with your Wealth Management as well as your financial plan, our ongoing fees are 1% of invested assets under our advice. Where we are only delivering our financial planning service, we will do so at an equivalent hourly rate of £300 per hour. If Clients feel we are not delivering value, then rest assured there are no minimum lock in periods or any exit fees or penalties. Simply tell us and we will turn your fee off.

We fully expect Clients to reflect on the value of taking financial planning advice and hold us to account. [One study by index-investing giant Vanguard](#) found that developing, delivering, and sticking to a robust financial plan can add up to 3% per annum.

To support this expectation, as a Client of Finura, you can expect the following as part of our ongoing service:

- 01** A proactive response to any personal, macro-economic or regulatory events with access to Client communications, Thought Leadership and relevant events
- 02** 24/7 access to our digital Wealth Platform, contact with our planners and Client Support Team during office hours and a connection to our professional network of accountants, mortgage lenders, will writers as required
- 03** A pro-active invitation to an annual face-to-face, videocon, or telephone meeting conducted in the UK. This will cover a review of your values, goals and objectives and an update to your Lifestyle model to keep your plan on track
- 04** Continuous monitoring of investment performance, risk and suitability and ongoing prompts to ensure effective asset allocation, tax harvesting, use of tax allowance(s) and rebates
- 05** A review of existing recommendations and suitability plus a re-disclosure of valuations, costs and charges. No further fees are payable for routine account management or investment top ups where no new advice is given

FINURA ADVICE OPTIONS

Finura offer a variety of advice options including:

- Full Advice Full financial review based on the permitted areas of the market we can operate in
- Focused Advice Review based on limited aspects of financial planning only at your request
- Execution Only Implementation of one-off transactions instructed by you

CLIENT CATEGORISATION

Unless we notify you in writing to the contrary, we will be treating you as a "Retail Client" for regulatory purposes. This means that you are afforded the highest level of protection under the regulatory system and may have the right to take any complaint to the FOS.

FINURA ADVICE PERMISSIONS

Finura offers whole of market advice across protection, mortgages, Venture Capital Trusts, Enterprise Investment Schemes and Inheritance Tax planning solutions.

For investment our house view is that Client asset is often best managed by dedicated investment teams under a discretionary mandate. Using our experience, we have created our own Centralised Investment Proposition (CIP). We choose to restrict Client discretionary permissions to the Fusion Wealth platform as the platform is cost competitive, with a high degree of functionality.

When recommending our CIP or where suitable, a third-party discretionary fund management service to run your investments on a discretionary basis, we do so to ensure that your portfolio will run in real time and there is no need to advise you every time an underlying change needs to be made. The benefit to you as our Client is that this approach allows for trading to be done as easily and efficiently as possible and that dealing charges will, in most cases be reduced.

If our CIP or Fusion is not suitable for your particular need then we will always perform due diligence on all available marketplace solutions to ensure Clients receive the best possible outcome.

INVESTMENT OBJECTIVES AND RESTRICTIONS

Following the issue of this document, any subsequent advice or recommendation offered to you will be based on your stated objectives, acceptable level of risk and any restrictions you wish to place on the type of investments, policies or companies you are willing to consider. Details of your stated restrictions and objectives will be included in the Suitability Report we will issue to you to confirm our recommendation. Unless confirmed in our initial discussion, to the contrary, we will assume that you do not wish to place any restrictions on the advice we give you.

TRANSACTIONING BUSINESS

Finura has direct agreements in place with selected Discretionary Fund Manager's (DFM's) some of which are as 'Agent as Client' and some "Agent of Client". In instances where we make a recommendation for a DFM service, we will confirm the contractual arrangement in place. Where the recommendation is for an Agent as Client service, by agreeing to the terms, you are authorising Finura to act as your agent and on your behalf in implementing an agreed discretionary management service. This authority includes acting, generally, in relation to the management of your money and specifically entering into discretionary investment management agreements and giving instructions in connection with investment mandates offered by those chosen discretionary managers.

In the case of Discretionary mandate being recommended, the DFM has no direct contractual relationship with you, the investor, you and have no direct recourse against the DFM via the Financial Ombudsman Service (FOS) in the event of a complaint. This does not remove your right to refer complaints to the FOS, only the method by which any complaint is pursued. You can find more information in relation to how to make a complaint, within the complaint section.

Where the recommendation is for an Agent of Client service, by agreeing to these terms, you are authorising Finura to intermediate on your behalf to implement an agreed discretionary management service. For the provision of the DFM service, there will be a direct contractual relationship between you and the DFM for the provision of services and the DFM will recognise you as their Client. In this contractual arrangement you will be able to raise an investment complaint to the DFM in accordance with the provisions within the contract with you.

By signing this Service Charter, you are giving your adviser permission to accept paper, electronic and verbal instructions to transact business on your behalf. This will be especially relevant to switching investment funds. Verbal instructions will only be taken where the advising firm has call recording facilities. Any instruction received will be considered genuinely given and duly authorised.

Finura will verify your identity before undertaking any business with you. To do this we may use electronic identity verification systems and we may conduct these checks from time to time throughout our relationship, not just at the beginning. The check may leave a 'footprint' on your credit file, but it will not affect your credit rating.

TARGET MARKET

At Finura, any recommendation made by an adviser will be after completing the appropriate product governance in relation to the target market of funds and is conducive to your attitude to risk and in line with your current circumstances and objectives.

HANDLING CLIENT MONEY

The firm does not handle Client's money. We never accept a cheque made out to us (unless it is a cheque in settlement of fees, charges or disbursements for which we have sent you an invoice, which would be made payable to Evolution Wealth Network Ltd) or handle cash.

OTHER CHARGES

Depending on the services we provide, there may be costs and charges (including taxes), not charged by us, but related to the financial solutions we arrange for you. These charges may be one-off charges payable up front or charges payable on an ongoing basis. We will always disclose any third-party costs as part of making our recommendations.

Common examples are:

Service costs where, if your investments are held on a platform (an online investment administration service) or held with a DFM, the provider will charge for administering and or managing your investments.

Investment costs which are the costs relating to the manufacturing and managing of your investments – for example, the fees charged by the investment fund manager and costs relating to investment transactions.

AGGREGATED COSTS DISCLOSURE

Before we provide you with our advice, we will add together all the costs and charges payable so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information.

FEE BANDING REVIEW

Our ongoing service fees are reviewed at your annual meeting.

FEE CANCELLATION

Please note that the ongoing service fee can be cancelled at any time, and the service you will receive will stop with immediate effect. Over time this could result in your financial arrangements not remaining suitable for your needs and your investments no longer performing as desired. We would therefore strongly encourage you to contact us first if you are intending to cancel the ongoing service fee to discuss what other options are available to meet your needs.

WHAT IS NOT INCLUDED IN OUR FEES?

Will Writing, advice on trusts outside of a product and complex tax calculations and advice. In addition, we will pass on any third-party expense such as Capital Gains Tax (CGT) reporting or third party discretionary management fees which we may be invoiced on your behalf. If we do need to charge you for any of these services, a fee will be agreed with you in advance. Neither our firm nor our employees are qualified to render legal or accounting advice or to prepare any legal or accounting documents. It is understood and agreed that the onus is on you, the Client, to refer to a solicitor or accountant, any point of law or accountancy that may arise during the course of discussions with us.

PAYMENT OF FEES

Whether you choose to pay your fees from a plan or product or by direct invoice, our payment terms are one month from completion of works; we define this as the date on which you receive our final Suitability Report relating to the advice in question.

It can be arranged for your total fees to be deducted from the investment amount at the outset, via the product provider if the recommended provider will facilitate this. Alternatively, you may prefer to make your payment to us by cheque or bank transfer upon issue of a direct invoice. Your choice can be made in the Client Declaration section of this document.

If payment is not received within this period, then we reserve the right to charge statutory interest on the fees due. We also reserve the right to recover any legal costs and expenses incurred in the process of collecting outstanding fees from you. If you are having difficulty settling our fees, we would encourage you to speak with your Adviser at the earliest opportunity.

TAX EFFICIENT FEE COLLECTION

As part of the overall financial planning process we will also consider how best to charge for our service. In almost all cases, this is best taken from contracts which either obtain tax relief on creation or are taxed on exit because this effectively saves you this percentage in tax. For example, if our fee to manage your pension investments was £1,000 which was taken via the pension itself, the net cost to you may be as low as £550*.

*This example assumes that you are a 45% tax payer and have the ability to pay £1,000 into your pension rather than pay a cheque. This is our interpretation of current tax law which is always subject to change and therefore there is no future guarantee that we can retain tax efficiency of future fee payment.

Exceptions to the above are ISAs which do not receive tax relief but grow tax free (subject to the 10% tax credit) and are tax free on exit, therefore, it would be prudent to pay the annual management charge outside of the wrapper from a cash account. This would have the added advantage of reducing the growth on the cash account which effectively saves paying savings tax of up to 40% on the amount of the fee.

By using the above, you can save a large amount on the payment of overall fees by engineering the payment from tax efficient sources. The net effect of this approach can reduce fees by up to 45%.

REFUNDS AND CANCELLATION POLICY

Fees are payable subsequent to our Professional Advice Services being provided, and therefore refunds are not available in normal circumstances. Fees paid in respect of regular or annual services are not refundable. However, any ongoing services may be cancelled upon request. Please also see "Rights to Cancel" above, in respect of cancelling individual products or policies.

Should a refund be required due to any element of dissatisfaction on your part, this should be approached via our normal Complaints procedure as outlined below. We will try to resolve the issue to your satisfaction, which may include offering a discretionary refund.

Where you arrange to pay initial fees directly by way of a standing order, but cancel payment before the agreed number of payments has been made, we will contact you to make arrangements to recover the outstanding fees.

VALUE ADDED TAX

As we act on your behalf as an intermediary, our fees are presently exempt from VAT which means we do not usually have to make an additional charge of 20%. If we do have to charge you for a service which is subject to VAT, we will inform you in advance.

NON-PROCEEDING BUSINESS / CANCELLATIONS

Should we undertake research and analysis work on your behalf, but you decide not to take up our recommendations, we reserve the right to charge you a fee to cover our time. This will be proportional to the amount of work completed and be represented by a rate of £300 per hour and subject to our minimum fee.

RIGHT TO CANCEL

We will inform you of your statutory right to cancel and the time frames applicable in which to cancel; for life or pension contracts this is usually 30 days. However, there will be occasions where no statutory rights are granted, although this will be explained before any contract is concluded.

DISCRETIONARY MANAGEMENT FACILITY

Our CIP is proactively managed on your behalf which reduced the need for Finura to contact you every time an underlying change needs to be made. This makes investment management much faster and more efficient.

Where suitable we will offer you the chance to run your investments on a fully discretionary basis. In this case we will undertake appropriate due diligence in recommending a Discretionary Fund Manager (DFM) and attend meetings with you and the DFM where needed to ensure the relationship is established correctly. Where you would like to apply for this service, you will need to sign a discretionary agreement and we will inform you if there are any additional fees to pay.

INSURANCE POLICIES

Under the Retail Distribution Review (RDR) rules, the FCA affords flexibility in respect of how Financial Advisers are remunerated for advising and arranging on Insurance policies. We offer products from a range of Insurers and will advise and make a recommendation for you after we have assessed your needs. You will pay for this advised service by commission. Where we are paid by commission the exact amount will be disclosed to you before any application is made.

Although you may pay nothing to us up front that does not mean that our service is free. You still pay us indirectly through deductions from the amount you pay into your product. We are covered by the FSCS. You may be entitled to compensation from the scheme if we cannot meet our obligations. This depends on the type of business and the circumstances of the claim. Insurance advising and arranging is covered for 90% of the first claim with no upper limit. For compulsory classes of insurance, insurance advising and arranging cover, for 100% of the claim, without any upper limit.

Further information about compensation scheme arrangements is available from the FSCS.

PROVIDING INFORMATION TO YOUR INSURER

Your protection cover is based upon the information you provide to the insurance company. All Clients must disclose all 'material facts' (any information that may influence the insurer's decision over cover or terms) prior to inception and up to the commencement of the policy. Where you are buying insurance as an individual, this means that you must take 'reasonable care' to answer all questions asked by the insurer fully and accurately. Failure to provide accurate and up to date information may invalidate your cover and mean that a claim may not be paid.

LEGAL ENTITY IDENTIFIERS

MIFID II has introduced the requirement for Legal Entity Identifier's (LEIs) to be obtained for Clients who are companies, charities or trusts. If you are a Client who is a legal entity or structure, including a company, charity or trust, you will need to make arrangements to obtain an LEI code if you want the firm to continue to act on your instructions or make a decision to trade on your behalf from 3 January 2018 onwards. Your adviser will be able to provide further guidance on the application process.

MATERIAL INTEREST

Occasions can arise where we, or one of our customers, will have some form of interest in business that we are transacting for you. If this happens, or we become aware that our interests or those of one of our other customers conflict with your interests, we will inform you in writing and obtain your consent before we carry out your instructions and detail the steps we will take to ensure fair treatment. We have arrangements in place to ensure our Clients are treated fairly, and we have a conflict of interest policy in place to help us manage the risks. You may ask for a copy of this policy at any time. This is intended to operate, monitor and maintain effective organisational and administrative arrangements with a view to taking all reasonable steps to prevent conflicts of interest.

DELAY IN PROCESSING

We cannot be held responsible for delays beyond our control. If our performance of the services is affected by an event outside our control, then we will contact you as soon as possible to let you know and we will take reasonable steps to minimise the effect of the delay.

Provided we do this, we will not be liable for delays caused by the event but if there is a risk of substantial delay you may contact us to end the agreement and receive a refund for any services you have paid for but not received. We will need certain information from you so that we can provide the services to you. We cannot be responsible nor liable for any costs or losses sustained or incurred by you as a result of us providing the services late or not providing any part of them if this is caused by you not giving us the information we need within a reasonable time of us asking for it.

DATA PROCESSING

If at any time you wish us, or any company associated with us, to cease processing your personal data or sensitive personal data, or contacting you for marketing purposes, please contact The Data Protection Officer on (01403 334455) or in writing at Holmwood House, Broadlands Business Campus, Langhurstwood Road, Horsham, West Sussex, RH12 4QP. Subject to certain exceptions, you are entitled to have access to your personal and sensitive personal data held by us.

OUTSOURCING AND USE OF AGENTS

We may delegate any of our functions to a third party and may provide information about you and your investments to any such third party. We will remain liable for the acts and omissions of our delegates as if they were our own.

We may employ agents to perform any ancillary services required to provide you with our services under this agreement. We will act in good faith and with due diligence and reasonable care in the selection, use and monitoring of agents.

COMMUNICATIONS

Where we communicate with you by email, documents sent to you (whether or not containing confidential information) will not be encrypted unless you request us in writing to encrypt outgoing mail and we are able to agree with you and implement mutually acceptable encryption standards and protocols.

It is your responsibility to protect your system from viruses and other harmful data, code or devices, though we do try to eliminate them from e-mails and attachments. We may monitor or access any or all emails sent to us.

CALL RECORDING

All telephone calls are recorded for regulatory and training purposes and these will be referred to as part of our advice records. All call recordings will be used to minimise ambiguity in our discussions or instructions received and are encrypted for security and integrity purposes. These records will be kept in line with regulatory and statutory requirements, and will be retained for a period of at least 6 years.

In order to meet our regulatory obligations; calls concerning advice and transactions may not be carried out via our adviser's mobile phone number, and any such calls will need to be conducted through the recorded office number stipulated.

CYBER SECURITY

Sophisticated fraud attempts via email are notoriously hard to detect and ever-increasing in complexity. Finura will always remain vigilant and exercise caution whilst communicating with Clients and will never send bank details or payment instructions via email, as it is not a secure medium. Should you ever receive such a request or instruction, please notify us immediately via telephone.

LAW

This Service Charter is governed and shall be construed in accordance with English Law and the parties shall submit to the exclusive jurisdiction of the English Courts.

FRAUD PREVENTION

Finura is committed to upholding the highest standards to preventing fraud and corruption from occurring and to developing an anti-fraud culture and adhering to the standards as required by the UK Bribery Act 2010 and Proceeds of Crime Act 2002. To achieve this Finura will develop and maintain effective controls to prevent bribery, corruption and fraud and will take all such matters extremely seriously.

LIMITATIONS LIABILITY

If we fail to comply with the terms of this agreement, we are not liable to you for any losses suffered unless such losses are directly caused by our negligence, wilful default or fraud.

In such circumstances, we will be responsible for loss or damage you suffer that is foreseeable as a result of our breaching these terms or our failing to use reasonable care and skill, but we are not responsible for any loss or damage that is not foreseeable. Loss or damage is foreseeable if either it is obvious that it will happen or if, at the time the contract was made, both we and you knew it might happen, for example, if you discussed it with us at the time of implementing an investment.

If we act for you as a business, we are not liable for business losses. As such if you use the services for any commercial or business purpose we will have no liability to you (whether in contract, tort (including negligence), breach of statutory duty, or otherwise) for any loss of profit, loss of business, business interruption, or loss of business opportunity.

Our maximum aggregate liability under, or in connection with, this agreement whether in contract, tort (including negligence) or otherwise, shall in all circumstances (other than as set out below) be limited to a sum equal to £5.4million. Nothing in this paragraph attempts to exclude or limit in any way our liability to you where it would be unlawful to do so. This includes liability for death or personal injury caused by our negligence or the negligence of our employees, agents or subcontractors; for fraud or fraudulent misrepresentation; or for breach of those legal rights in relation to the services which are granted to you by statute and may not be limited or excluded.

TERMINATION

You or we may terminate our authority to act on your behalf at any time without penalty. Notice of this termination must be given in writing.
